Şefik Furkan Bayram

Front-end Developer

Istanbul, Turkey ◆ +905465459634 ◆ sefikfurkanbayram@gmail.com ◆ https://sfb.dev ◆ https://www.linkedin.com/in/sfbdev/

PERSONAL STATEMENT

A skilled and enthusiastic Front-end Developer with over +1 years of experience in web development, I am currently looking for the same position to use skills and take the next step in his career.

CAREER OBJECTIVES

- Deploying my Front-end web development skills by diligently contributing in development teams for creation and maintenance of innovative web based products and solutions that meet clients needs and requirements.

WORK HISTORY

Front-end Developer   January 2021 – Present
Kariyer.net, Istanbul

Kariyer.net is Turkey's largest job and employment platform. In my current position, I am responsible for improving our job opportunities website using HTML, SCSS and JavaScript. I use technologies and tools such as Storybook, Git, Jenkins. Besides these I use Core JavaScript and VueJS for my JavaScript tasks. For state management I use Vuex. Also I use NuxtJS for server side rendering.

Front-end Developer   January 2020 – January 2021
CDEV Turkey, Istanbul

CDEV is a Canadian-based company that offers customers the opportunity to play online games on the Latin American continent. In my current position, I am responsible for improving our abroad-based client web application using HTML, SCSS and JavaScript. Technologies such as Webpack, Babel, Git, Jenkins, as well as Core JavaScript and VueJs for my JavaScript tasks. For state management I use Vuex while for server-side rendering I deploy Nuxt.js.

Front-end Developer   December 2018 – January 2020
Alegra Digital, Istanbul

Alegra Digital is one of Turkey's largest agencies that offers e-commerce solutions. I have worked in various teams developing e-commerce platforms and solutions for companies including Godiva Chocolate, Bauhaus, Kiehls, Nyx Cosmetics (Loreal), İş Bank, Chakra, Siparişdirekt (B2B project for P&G Turkey), Dalkılıç Spor. While developing these projects, I used technologies such as HTML5, CSS3, SCSS, JavaScript, Smarty, Git. I used Bootstrap3 as a UI library. I used jQuery and Vue.js as the JavaScript framework. I applied the SEO improvements from the SEO agency. I collaborated with product team members to implement new feature developments. We standardized all output with a new, responsive, mobile-first approach and strategy with our team.

WORK HISTORY (continued)

Front-end Developer, Intern   August 2018 – November 2018
BT & Partners Group, Tallinn

I developed 2 websites for the company using WordPress. Using the WooCommerce plugin, I brought these sites eligible for e-commerce. I made SEO improvements at the entry level using WordPress plugins on the sites I developed. I created email templates. I created the e-mail accounts of the employees.

Front-end Developer, Intern   July 2017 – September 2017
Net Hareket, Istanbul

I took part in the creation of websites for SMEs. I used HTML, CSS and jQuery when developing these projects. I also took part in the setup of wordpress sites and simple level SEO development.

EDUCATION

BSc, Computer Science - EQF Level 6   September 2014 – June 2018
Mersin University

I took lessons in subjects and technologies such as Algorithm, C ++, MsSQL, Visual Basic, WPF, HTML, CSS, Cisco Packet Tracer, Mathematica, Neural Networks.

Database and Algorithms - EQF Level 4   September 2010 – June 2014
Mustafakemalpaşa Technical and Vocational High School

VOLUNTEER EXPERIENCE

Committee Member   April 2016
3. Mersin University Business and Technology Summit

This event is organized for meeting students and experts in their field. In this event, I took part in the arrangement of speakers and ticket sales.

Organizer   April 2017
4. Mersin University Business and Technology Summit

INTERESTS

In my free time, I usually investigate open source projects in github. Aside from that, I like to ride bike, hiking and traveling. I also love playing online games. I have degrees in local tournaments during college years. I love listening to music. I am an electronic music lover. I engage in activities that will challenge myself to improve my English.
